Acting President's Column

Our Program of December 13, 2009 featured Bob Butler. Bob's presentation was on English Regulator Movements. Thank you for sharing with us the four (4) examples that you showed. I also liked your definition of an English Regulator Clock, as having a dead beat escapement and some type of power maintenance to keep the time accurate during the winding cycle.

Next are the holiday seasons and the change in calendar to year 2010. The Directors and Officers would like to wish you and your family a blessed holiday season and a happy and prosperous new year.

Some members asked about meeting cancellations due to inclement weather conditions. Our policy is to have the scheduled meeting, with members making their own decision about attendance.

I'm looking forward to our Ugly Clock Contest and Show and Tell on January 17th. Please continue to look in all the unusual places for your special clock. I hope you will also have an interesting item(s) for the Show and Tell portion of the program.

I look forward to seeing you at the next meeting.

Respectfully,

Frank Blahut, Acting President
