President's Column

We had a great meeting on September 16th. The program was clock tales and many thanks go to our various presenters. Frank Goad explained how to use a computer to adjust the width before printing a clock face, George Hudson showed us his home-made depthing tool. Ed Butler showed us the wooden case for his Hamilton watch that he just bought yesterday at a steam show. Bob Butler showed us a strange English movement that had various take off points, special lubrication ports and a skip second output. Ritch Mitchell had his latest purchase with him: a 1927 400 day clock that he got at auction for \$12... and Tom Mostyn reminded us that Chapter 11 was 60 years old and spoke of our humble beginnings.

Then on October 25 - 27 we had the Mid Eastern Regional at York, PA. This show was very well attended, and most people I saw were taking home their prized purchases.

Tom Mostyn will be our presenter for the December 16th meeting. Tom plans to show us 8 calendar clocks, and talk about simple and complex gearing that is behind the dial. I hope you will be able to join us for his informative presentation.

I hope that you will also be able to bring a guest to our December 16th breakfast meeting, and I also encourage you to bring some items for sale at the Mart. The holiday season is fast approaching, and the officers and directors of Chapter 11 wish you and your families a blessed and joyful holiday season and new year.

Respectfully Submitted,

Don Buck, President
