

Publications available from The International 400-Day Clock Chapter 168

A Chapter 168 published book: Timely Memories: A Look at Anniversary Clocks, which was the theme of the torsion-pendulum clock exhibit in the NAWCC Museum from June 2007 to February 2008. A history of torsion-pendulum clocks as displayed in the exhibit with updates to bring it in line with recent discoveries. Color photographs of clocks in the exhibit include many rare examples not often seen. Twenty-five patents tracing development of torsion-pendulum clocks are provided in a Patent Portfolio supplement, which is included with the book. 146 + 28 pages. Price \$40.00

The SNClocks Anniversary Clocks Auction catalog. This auction was held on October 26, 2003 at the conclusion of the 2003 Ward Francillon Time Symposium in St. Louis, MO: *The Torsion Pendulum Clock and its Place in Horology*. Many unusual anniversary clocks are listed with descriptions and multiple detailed photographs. Color photos on both front and back covers. 54 pages. Price \$15.00

SPECIAL OFFER: Purchasers of the *Timely Memories* book listed above may purchase both *Grivolos* and *JUF* booklets listed below for the special price of \$15.00.

A Chapter 168 reproduction of the only known Grivolos catalog. Claude Grivolos was the only French maker of 400-day clocks. His clocks are of the highest quality and many models are housed in extremely fancy cases. Model numbers, clock descriptions, original prices, and unusual pendulum options are included. 44 pages. Price \$15.00

Another Chapter 168 reproduction catalog. Originally thought to be a catalog produced by Jahresuhren-Fabrik G.m.b.H., this catalog is most likely what is called a "Trade Catalog," in which a wholesaler will compile clocks from all the makers he or she represents. It contains photographs of clocks available at that time, along with descriptions and model numbers. A supplement containing much recently discovered information, including makers, is included with the catalog. 96 + 4 pages. Price \$15.00

This compendium of German DRP patents is the work of Doug Stevenson. Doug made a number of outstanding contributions to the discovery of new information concerning makers and production of torsion-pendulum clocks. Twenty-eight DRP patents are reproduced in their entirety with many pictures of the items to be patented. The *Timely Memories* book is dedicated to Doug's memory. 120 pages. Price \$20.00

The 22nd Terwilliger Silent Auction devoted exclusively to torsion-pendulum clocks. Prices realized have been added to the descriptions. 58 pages. Price \$10.00

Anniversary Clocks by Peter Wotton, 1st edition. The history and development of anniversary clocks with many pictures. Very few copies remain. 32 pages. Price \$8.00

Chapter 168 reproduction of the *Suspension Spring Guide*, which is now considered to be first edition of the current *Horolovar 400-Day Clock Repair Guide*, with a history written by Bill Ellison. 48 pages. Price \$15.00

General Information and Repair Booklet for Tiffany Never-Wind Style 1100 Clock, dated 1919. An exploded parts diagram, 43 sections of repair directions, and an introduction by John Hubby. 14 pages. Price \$6.00

Chapter 168 reproduction of the SEPO catalog. This is the only known catalog issued by the Schlenker und Posner Company of Schwenningen in the 1930s, with pictures (2 in color) and an introduction by John Hubby. 12 pages. Price \$10.00

Reproduction of 75 Jahre Schatz – Uhren booklet, 1956, showing the complete line of Schatz clocks. Not often seen. A4 format, 58 pages. Price \$15.00
