PROGRAM

STEVE SADOWSKI – BAROMETERS

A SURVEY FROM THE ITALIAN CONNECTION TO PRESENT

Steve Sadowski joined the NAWCC in the early 70's when he started buying and selling horological items and repairing clocks. Steve is a NAWCC Fellow, is a past President of Chapter 2 and currently serves on the executive board. His constant involvement is invaluable to the Chapter's survival.

His infatuation and interest in barometers led him to further, in depth, research of his subject. Steve discovered a greater understanding of why and how some barometers are called Mercury, Stick, Banjo, Aneroid, Barograph and just plain old country devices that foretold the weather – sometimes.

If you believe that Barometers have nothing to do with Timekeeping, come to this talk and be informed. Please plan to attend this first time presentation.

PRESIDENT'S MESSAGE

Dear Members,

Happy New Year and best wishes to all of you for a healthy and prosperous 2011. Hope all of you have had a wonderful Holiday Season. With the start of a new year, we now resume our scheduled meetings.

Our last meeting at The Good Counsel Campus was well attended and Jerry Maltz gave a very interesting talk on Advertising clocks from 1870-1920. Again, I would like to thank the Board members and volunteers who pitched in while Steve and I were away.

We are always looking for volunteers and speakers for workshops and lectures. Anyone with knowledge of a specific topic who would like to give us a presentation, please contact me or any board member.

If you have not already visited the NAWCC website, check it out. There are many new items - especially the new section - "4SALENAWCC" (similar to Ebay) - for buying, selling, auctions and classifieds. This site is open to the public, but only NAWCC members can sell and advertise. It is simple to navigate; go to: 4sale.nawcc.org. In addition, the NAWCC website now has all the Bulletins on line and an extensive library collection. The new improved site has lots to offer - so take advantage of your membership in the NAWCC.

This meeting's speaker, our own Steve Sadowski, will give a debut presentation on Barometers. He will go into detail and explain the differences between the many different types of Barometers and their relationship to Timekeeping. Steve is extremely knowledgeable of this subject. He will enlighten and entertain you.

We are still looking for a Treasurer and volunteers in all areas.

Hope to see everyone at this meeting.

Best regards,

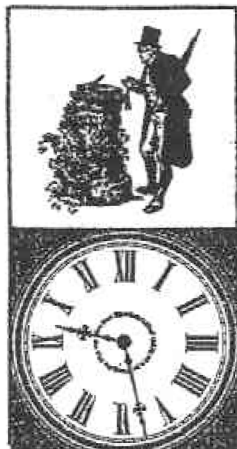

Lu Sadowski
