Report of Program and Other Horological Activities

Dr. Harry Knauff brought our meeting to order. 19 members and 2 guests were in attendance. We regret to announce the death of 2 members, Mrs. W. C. Bruer and Dr. Louis Goodson, our Missouri Vice President.

This meetings subject was clock veneering. The writer displayed several clocks which had had major restoration. Discussion was on types of veneer, matching colors and grains, and applying it to different surfaces. Many hints and tips were shared as well as some excellent suggestions from other members.

Show and Tell had some interesting items, a Gilbert Mantel which had been perfectly restored by a member was shown, a Packard Car Clock and Kodak 1 Hr. Timer showed some real variety. Chuck Skoog had a 3 plate Waterbury Westminster chime works.

Interesting how a set of very standard works were adapted to accommodate the chime mechanism with one plate in common.

The Door Prize was won by Dale Gibson.
