New Officers:	Click here to enter text.		
New Members:	Click here to enter text.		
Meeting - August 9, 2015	The meeting was attended by 31 members and 4 guests. The 50/50 drawing, whose proceeds are used for chapter education, was won by Robert Serra. The drawing was handled by Jerry VanLanker; the proceeds to be used for chapter education.		
Program:	Harry Firth presented an interesting lecture on 37-size Waltham timepieces. Waltham produced hundreds of thousands of these jeweled movement clocks from 1908 through World War II. While primarily renowned as automobile clocks (it is believed that Waltham produced the first clock for use in automobiles), their high quality was prized and used by the army, navy, air force, and security personnel.		
Show and Tell:	Digger Odell provided drawings and led a discussion on the perils of using overly strong mainsprings in clocks.		
Chapter Contest:	Click here to enter text.		
Tip for Growing Your Chapter:	Click here to enter text.		
In the News:	<p>Joe Loar and Ed King moved a 9-tube Herschede clock from a recently closed church to St. Peter and All Saints Episcopal Church. In gratitude the church has offered the use of their meeting space for the chapter's education events.</p> <p>Larry Boucher reports that the dials and motion works of the Cass County Missouri Courthouse Clock were successfully installed in late June. Sometime this fall the restored clock movement will be carried up the tower, piece by piece, and reassembled. This will mark the end of a years-long effort spearheaded by Larry of restoring and</p>		

		preserving the tower clock (Seth Thomas No. 16) that was originally installed in 1909.
Public Project:		Wayne Andrews, Robert Serra, and Greg Gould met at the Winkler Clock in Kansas City, Kansas to discuss and perform maintenance. The Winkler clock is a four dial post clock (Seth Thomas No. 4). It has stood on the streets of Kansas City, Kansas for one hundred years. It was restored in 2013.
