New Members:	Click here to enter text.		
Meeting -	October 11, 2015	<p>The meeting was attended by 28 members and 5 guests: a great turnout considering the competition of a beautiful autumn day, Kansas City Chiefs football game, and Kansas City Royals baseball playoff game. The chapter has purchased a high-definition camcorder that was put to good use at the meeting. The camera, accompanied by a projector, allows all members to see what is being demonstrated – even tiny aspects of a clock or watch movement. The 50/50 drawing, whose proceeds are used for chapter education, was won by Gene Grimes. The drawing was handled by Jerry VanLanker; the proceeds to be used for chapter education.</p>	
Program:	<p>Mike Bailey, of Great Plains Chapter 58, presented an excellent program on the Life and Time of Chauncey Jerome. The membership was most appreciative of Mike's (and his wife Kitty's) knowledge and asked many questions.</p>		
Show and Tell:	<p>In keeping with the theme of Chauncey Jerome, several members brought in their examples: Florent Wagner and Larry Boucher brought nearly identical steeple clocks; Greg Arey brought a chiseled-base octagon clock; Bill Maune brought in an 1867 ogee clock purchased when he was eighteen years of age. Jerry VanLanker brought in an interesting "Jack Sprat" foods advertiser clock that hung in a Milgram's grocery store. Gene Grimes brought a 3 volt meter clock, an automobile clock (as discussed in our August meeting), and an ad for a Bentley automobile touting that it could be had with a clock for an <u>additional</u> \$200,000. Wayne Andrews brought in a movement from an</p>		

		Ansonia cast-iron clock to show the effects of a mainspring used that was too powerful (as discussed in our August meeting). The membership could clearly see the damage to the movement thanks to our new high-definition camcorder.

In the News:		Larry Boucher reports we are about a few weeks away from the installation of the restored Cass County Missouri Courthouse Clock. This will mark the end of a years-long effort spearheaded by Larry of restoring and preserving the tower clock (Seth Thomas No. 16) that was originally installed in 1909.
Public Project:		Harold Engelhaupt will be overseeing a project repairing and cleaning a mid-18 th century Seth Thomas clock for the Atkins-Johnson Farm and Museum in Gladstone, Missouri.
Crafts Competition, Clock Restoration:		Click here to enter text.
Regional Report:		Volunteers to help with the 2016 River Cities Regional signed up at the meeting. Click here to enter text.
