ZOOM live streaming has ended!

For the past two months or so, we've talked about eventually stopping the Zoom feed of in-person meetings. Well, that day has finally come. Zoom is not practical to use in a meeting room as large as ours. Please plan on attending in person like the "good old days".

If the public health situation in Arizona were to deteriorate or if the community center restricts access, we can always fall back on using Zoom to hold our monthly meetings from home, but only if absolutely necessary.

President's Message

Another month has rolled by, and the days are getting long! The Summer Solstice is fast approaching and from there, everything goes downhill. I like long nights and short days. Guess I relate that to the cooler temps here in Arizona.

Our May meeting was a good one. Excellent live attendance. I was so glad to see everybody out and about again. As the above notice says, we are discontinuing the ZOOM streaming function. Join us in person for the meeting, and for lively discussions over a scrumptious lunch at Phil's following the meeting.

Pat's technical presentation last month was 1st class as usual. This month we have Dave Shields sharing his visit to the American Watch and Clock Museum. I know it will be well worth attending!

Bring your treasures and finds to share with us during the SHOW-N-TELL time. Don't be bashful.....we don't bite! And all that "stuff/things/unwants" gathering dust are perfect candidates for our SILENT AUCTION!

On a sad note.....

Our thoughts and prayers are with the folks down in Texas who just survived the second-worst school shooting in American history! A parent should never have to bury their children, but unfortunately, it's happening all too often these days.

See you on June 11th in Fountain Hills.

A Visit to the American Watch and Clock Museum

by Dave Shields

A trip last November to visit relatives in Connecticut provided an opportunity for Dave and his wife, Kathy, to visit the American Watch and Clock Museum in Bristol, Connecticut. The museum was established in Bristol in 1952, and the facility has been expanded twice to hold its growing collections. Join us as we explore some of the 2,200 clocks and 3,500 watches that make up their collection.

Shown below is the museum's Clock Shop exhibit.
