President's Message

WOWhalf way thru June already at the time of this writing! June heralds in many political-derived holidays, but only one counts for me.....June 21st is the longest day.....the summer solstice. That means it's all downhill from there! I hate long hot days and short hot nights. I love it when it is dark by 5:15 PM and you need a jacket to go out! That means THE REAL holidays are fast approaching: the 4th of July, Halloween, Thanksgiving, Christmas, and New Year's! And not those contrived celebrations in June.

Looks like we ARE having our 2024 Regional in March! The vote is in and the list of volunteers is included in this newsletter. If you volunteered, this is a reminder to you. If you did not, please consider helping the rest of us out. This **IS YOUR REGIONAL!** And without your help, it might fail in 2024. Please attend the July meeting and get involved! Every little bit helps.

I will contact *The Clock Doctor* in August or September and see if they have any more "miscellaneous clocks" they wish to liquidate thru a donation to #112. Our thanks go out to them and **Alpine Clocks** for their generous donations that have raised just shy of \$400 for the chapter! And I hope there is more to come.

Remember to bring some items for the silent auction and for show-n-tell! We love seeing what you bring.

Pat Fitzgerald is scheduled for a technical presentation this month which, I know, will be most fascinating, as all his work is.

And don't forget to join us after the meeting for a fun-filled lunch at Phill's Filling Station.

Jim Powell
President

Repairing a W. F. Evans Clock Escapement
OR
Bob and Pat's Excellent Adventure

by Pat Fitzgerald and Bob Schmitt

Please join us in July to accompany Pat Fitzgerald and Bob Schmitt

or their journey across the United States in search of adventure and fine clocks, and also learn about the Evans escapement found on many fine antique skeleton clocks.

Steam's up, Bob. Let's Go!
