

The Howard Banta Alarm Clock Chapter

Chapter 178 of the National Association of Watch and Clock Collectors

www.acc178.org

December 2019

President's Message

I want to thank everyone that has contributed articles in this current Newsletter. With the help of interesting Newsletters, the Howard Banta Alarm Clock Chapter will retain members and hopefully encourage new members to join the Chapter. The following might sound familiar to most members, but it will be a new idea for our new members.

In the past I have talked about members promoting Chapter 178 at their local Chapter meetings. Recently at the Sacramento Valley Chapter #71 I set up a Chapter 178 display with our banner, newsletters to hand out, membership forms and a sign of our HBACC pin for joining the Chapter. And I would also like to encourage current members that may not have received this pin to please reach out to me so that I can send you one.

I would also like to thank member Ronald Hoops for participating in the alarm clock display. As you can see in the pictures, his display was on Darche alarm clocks and other clocks that had a function with batteries. Some of these clocks of his had both lights to see the time at night and/or alarm bells that were driven by batteries.

Ron and I will be having a large display at our Chapter 71 meeting and potluck in January of mainly Darche alarm clocks. Pictures of this display will be in the next HBACC Newsletter. Hope you enjoy this display.

As a last note. If you would like to have a display of alarm clocks, the Chapter can supply you much material to hand out. Just contact me at 916-952-4961 and we can talk about what you need.

Thank you again for making it a GREAT Chapter of the NAWCC.

**Look for the pictures on
page 2**

EDITORS NOTE

The information for this issue came from a frequent contributor Dennis Sagvold and another of our members Richard Plotner. Please consider sending material!!!

I have received an e-mail notifying me that one of our long-time members, Charles Bennett of San Leandro, Ca, has passed. We send our regrets to the friends and family of Richard on their loss.

EDITOR'S NOTE:

Remember that there will be no newsletters unless the members of Chapter 178 send me information and pictures. I am sure that you all enjoy reading and looking at the various pictures in this and the other newsletters produced for this Chapter. Just remember unless you help there:

WILL BE NO NEWSLETTER

So please give some consideration to sending material with or without pictures to

setup after his move from Phoenix to Fargo.
WOW! WHAT A COLLECTION!
14 feet of wall space!!!!!!**

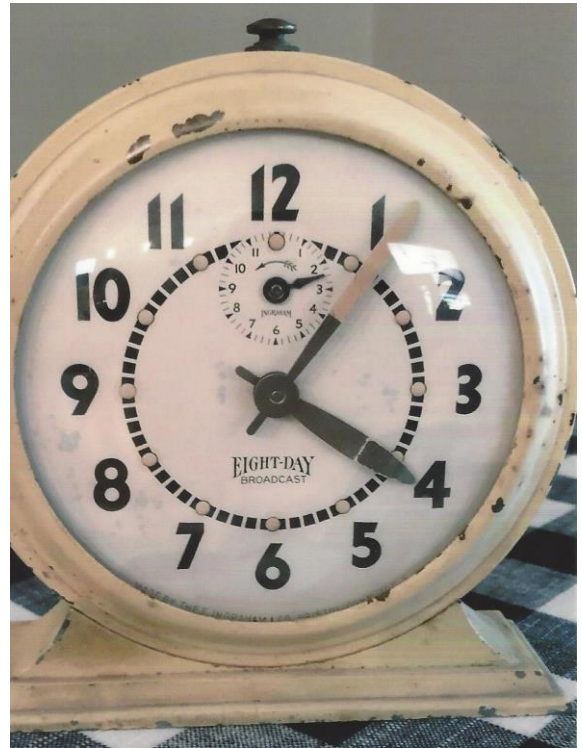

This is a note from Richard Plotner with an inquiry about Ingram 8 day alarm clocks. Do any of our membership have this information and if so could you please send it to the editor of this newsletter so it could be included into a future letter.

“Enclosed are three pictures of eight day Ingram alarm clocks that I have. Maybe an idea for the newsletter could do history of Ingram eight day alarm clocks. The one has 24 hour alarm dial on it also on dial it has automatic alarm on it. How does the automatic alarm work? Hope this help you for idea for newsletter. Thank You

Richard Plotner”
