

Florida Gold Coast Chapter No. 60

NATIONAL ASSOCIATION OF WATCH AND CLOCK COLLECTORS, INC.

MEETING NOTICE

And Newsletter for May 25, 1997

We have two very interesting items for this month's notice.

Boris Tociapski, a new member of Chapter 60 will be holding a "Diagnostic Clinic" during our meetings at the Miramar Civic Center. He will be available from 10 to 11 at each meeting to give advice and help to solve problems with your clocks and / or watches. Boris is very well qualified to do this and we thank him for devoting his time to this venture. Bring your "problem" piece to one of the next meetings and get a professional diagnosis.

President Joe Cohen in cooperation with Florida Atlantic University will be holding (for the first time ever) a seminar on the history, identity, and evaluation of antique clocks and watches. This will be at the FAU campus at Commercial Boulevard near I-95. This will be a 12 hour session, in two six hour segments, from 9 AM to 4 PM beginning on Saturday October 25th, continuing Saturday November 1st. It will be repeated February 28th. and March 7th. Books will be supplied, and there will be a charge, but the amount has not been determined. For more information, contact Joe at 954-561-2234.

If you would like to sign up for a table at the 1998 Southeast Regional Convention next February, bring your cash or checks to this meeting. You must pay for the table and your registration at that time. Tables will be sold at the National in Atlanta in June, so if you want a table now is your chance to get ahead of the crowd.

See you Sunday at the Miramar Civic Center. Jack Seeley
