Things are really shaping up for the 2005 National Convention in Fort Lauderdale. Committee "Chairs" have been selected, but there is always room for volunteers to help out. If you work, you will be rewarded with free admission and a whole host of other benefits.

I have been approached by several members asking to increase the frequency of the meetings. I am checking into the feasibility and will report back to the members after I confer with the Civic Center on available dates. Most likely we will add meetings for April, and October. They will be "Mart Only" with no program or business meeting and no food or refreshments. Please let me know your thoughts.
