PRESIDENT'S MESSAGE

I just returned from the NAWCC National in Charlotte. It was a wonderful event. The seminars were great and included How to buy a Lathe, Cuckoo Clocks 101, How to make a profit from Quartz Watches, and Atmos Repair. The mart had many excellent clocks to buy and numerous vendors were also in attendance. Both Annie (at mart control) and Charlie (worked security) volunteered their time at the convention.

The Field Workshop program will be adding a new course, "Basic Watch Repair". This course will preview February 2004 in Fort Lauderdale.

On a personal note, I was nominated and elected to serve on the Education Committee. This is significant since Chapter 60 leads the nation (offering 27% of the total) in the number of Field Workshop Classes offered by a single chapter.

If you would like to submit a short article for the newsletter, please send it to me.

Craig Grosby, President

COURSE OFFERINGS

The following courses are being offered in the Fall:

F100 Basic Skills

F101 Kitchen Clock Repair

Please contact Joe Cohen at 954/917-4676 for further information.
