

Peace Pipe Chapter 83 Minutes  
May 9, 2022

**Present (including officers and guests) : 18**

President Jerry Tiemans	Secretary Raul Rodriguez	
Adad, Whabi	Burns, Dave	Childs, Earl
Farmer, John	Hill, Don	Jancarich, Paul
Krueger, Norm	Kwiatkowski, Paul	Kwiatkowski, Terry
Miller, Bob	Murray, Harry	Schrum, Fred
Stanley, Jason	John Wagner	
New member Newton Sewell		

Meeting was called to order at the St John Township Center at 7:00 PM by President Jerry Tiemans

Thought for the day by John Wagner: *You're never too important to be nice to people*

Minutes read from last month. Approved as read.

**New Business**

Discussion on funeral for Dave Hubbard's son.

Jason forwarded email list from chapter#3. Raul to send out mart-announcement email. Harry is in charge of keeping table-rentals.

Reminder, our next mart is May 21, 2022 at Highland Lincoln Center. Reaffirmed rental cost/table of \$20. Hand-count of projected attendees from our club. Possible food-items & coffee for donations. Harry will bring coffee-maker, Norm will bring coffee supplies. Raul will bring ground coffee. John Wagner has mart-signs. Terry has donated bagged greeting-cards for sale or silent-auction. Possibly 50-50 raffle every hour depending on crowd.

Norm has announced he would like to retire from Vice President of our chapter. Will have to pick new one next meeting in June.

An idea was broached about changing bank for our chapter's checking account, with ZERO cost. To discuss next month when Treasurer is present.

John Wagner brought a plate of home-made cookies

**Show & Tell [D]**

John Wagner brought a clock-book to share with us, and also five clocks for sale including a Gustav Becker and a Junghans.

Paul Kwiatkowski shared with us a very-fine lever-set Delaware swiss-made 21-jewel railroad watch. Adjusted in six-positions as well as temperature. The shock-protected balance has a micrometer-set. Paul bought the watch, used, in 1972.

Don Hill shared with us a nautical bim-bam clock with a floating balance. Vintage from the 1960's strikes on the hour and half-hour.

Paul Jancarich bought some odds & ends hand-tools which are for sale.

Harry brought an Elgin anniversary-clock. Although it is spring-wound the pendulum is not hanging on a suspension-spring; instead the pendulum is floating with the use of dual-magnets.

Jason Stanley shared a Waterbury clock with an open-escapement with jeweled pallets.

John Farmer brought a porcelain French-movement, name begins with "D" although can't read entire name.

Fred shared with us a set of binoculars, Stellar brand from Japan. Fred is asking for information.

Norm showed us an 8-transistor AM radio with a microphone pickup which he uses to amplify clock-beats.

Meeting adjourned.

After meeting Norm demonstrated his hand-made clock-spring winding-tool with different springs.
