Another great picnic! I think those are my favorite meetings of the year. So nice to have people from far and wide. Jerry Maltz (yeah, you know him), Steve Sadowski, Karl Burghart and his daughter Kelley. And all of us regulars. It was a well-rounded mart, I bought some needed supplies. Tasty breakfast and lunch. Many interesting show-'n-tells. And a lot of good socializing. And, as always, many thanks to those who made the picnic possible: Bill Clarke, Mark Nathanson, John Greeney. Thanks guys!

For our **October 15 meeting (changed date!)** we are fortunate to have Karl Burghart taking us through everything related to mainspring maintenance ... removal, cleaning, spring and barrel inspection, oiling, and reinstalling. Karl will do a demonstration of all this and offer all his vast knowledge of how to best perform this work, along with his hints based on years of experience.

Other news:

Clock classes start on Thursday, September 29, at Ketcham High School, from 7-9pm. Bill Clark will be teaching the basic class in room 229, and Mike Graham and I will head up the advanced class in room 223. KHS is located at 99 Myers Corners Rd, Wappingers Falls. You can sign up by going to wappingersschools.org and clicking on *community* then *continuing education*. Or you can come to class and sign up there. If you aren't sure you want to take either class, just stop in and see what they're like. We like visitors.

See you on October 15! ... Jim
