 Freedom Plains Presbyterian Church  
 1168 Route 55, Lagrangeville, NY 12540

I always enjoy the Holiday Meeting. Everyone is in such a jolly mood ... looking forward to the holidays and the New Year coming up. And all that great food! Thanks to Bill, Mark, John, Chuck, Gail and Dave for making all this happen. We had our annual meeting during which we re-elected the same officers and directors and had comments from Bill Clark about our financial status, which is good. Emailing saves us a lot of money. And we had two short presentations. One by Chuck Walker about the precision tools he brought in, and mine about the clock I restored for Habitat for Humanity, which brought in a lot of house-building money at auction.

We've got a great line up for our **February 16 workshop meeting**. First, Chuck Walker will introduce us to the world of music boxes ... a fascinating close cousin to clocks. Bill Clarke will discuss and demonstrate replacing pivots in a clock arbor, showing us several approaches to this important task. And back by popular demand, John Greeney will demonstrate tool sharpening. Three terrific demonstrations you won't want to miss, so put it on your calendar now!

Winter clock classes are starting on Thursday, January 17 at 7 pm in the technology classrooms (223 and 229) at Roy C. Ketcham High School, 99 Myers Corners Rd, in the Town of Wappinger. Contact me, Mike Graham or Bill Clarke about signing up, or just show up in the class room. Or stop by any time to see what the classes are like. We enjoy having visitors.

Be sure to plan on attending the NAWCC national convention in Springfield, Mass, June 27 - 30. This is your opportunity to attend a national convention right in your back yard. **Also, if you haven't paid your annual \$9 dues yet, be sure to include that in the amount you send in.**

See you in February ... Jim
