==== Saturday, April 13, 2019 ====
 Freedom Plains Presbyterian Church
 1168 Route 55, Lagrangeville, NY 12540

What a great workshop we had in February! Thank you John Greeney for taking us through the proper method for sharpening tools. (Oops, now I know my mistakes in the past and will try to correct them!) Thank you Chuck Walker for introducing us to the fascinating world of music boxes. And thank you Bill Clark for covering so many important points when replacing pivots ... and from different angles, like four ways to find that all-important center of the arbor. And what great written instructions! And finally thanks to John and Chuck and all who helped make the meeting happen. But mostly Bill for taking in the bucks, and Mark ... always the first one there and the last one to leave.

We're in for a real treat at our **April 13 meeting!** The Clock Brothers, Jim and Karl Burghart from Rip Van Winkle Chapter 40, will be visiting us, bringing with them their expertise gained from many years of buying, selling and repairing quality antique clocks. They will take us through the various stages of successful veneering, including removing old veneer, selecting adhesives, cutting, fitting and clamping new veneer. The talk will be somewhat informal to allow for some hands-on activities.

As I announced at our last meeting, we now have a website. Just go to NAWCC.org, click on Community, then click on Chapter 84 - Mid-Hudson. There you can always access the latest meeting notice under Chapter News, as well as older ones going back to 2016.

Also, be sure to plan on attending the NAWCC national convention in Springfield, Mass, June 27 - 30. This is your opportunity to attend a national convention right in your back yard.

See you in April ... Jim
