 Freedom Plains Presbyterian Church
 1168 Route 55. Lagrangeville. NY 12540

I think everyone was happy to finally have our workshop meeting after having to put it off because of Covid. But it was worth it! Thanks to John for his glass cutting station ... he had great ideas for a subject I'm always hesitant about tackling. And Bill for his in-depth burnishing education ... boy, what you see under the microscope! And a (modest) thanks to myself for the bushing demo. I think we all learned a lot. And I was happy to see the meeting so well attended ... including visitors.

But the icing on the cake was going over to the Cooks' house after the meeting and members being so welcomed to go through all the clocks, tools and supplies to see what they could use. What a treasure trove! When I carried down everything I had selected, I asked Roger Kavanagh, their son-in-law, what I owed him. When he said nothing, as I knew he would, I told him I would give a nice donation to the chapter in the Cooks' honor and would encourage our members to do the same thing and that I would send Ilene Cook a thank you note when all was done. So please, if you received something from the Cooks' generosity, include a contribution to the chapter when you send in your attendance fee for the meeting or when you next see Bill.

For our **June 11 meeting** let's have some interesting fun for the program ... the theme will be **Problem Children!** Please come and tell us about that clock that gave you the most problems in restoring it, and what you did to overcome those problems (or not!) Bring that problem child with you. I personally will bring what I call "my cross to bear" (I think Bill Clarke has one of those too.)

Other news:

Don't forget the National Convention which will be held in Dayton, Ohio June 23-26. And remember to include your contribution to the chapter in honor of Irene and Allen Cook with your meeting payment.

See you on June 11! ... Jim
